Dinner Symposium

The Friday Dinner Symposium — **Protecting and sustaining the health of our patients and communities** — features Dr. Kari Nadeau, chair of Harvard University School of Public Health. The dinner is included in conference registration and is worth one credit. Conference registrants may purchase an extra dinner ticket to bring a guest for \$50. On the registration form, simply indicate that you plan to bring a guest.

The Asthma & Allergy Foundation of America (AAFA) Alaska Chapter's previous conferences were highly successful and filled to capacity. AAFA Alaska expects similar interest in the 20th Annual Asthma & Allergy Conference — Wheezin', Sneezin' and Itchin' in Alaska. Join colleagues to benefit from a comprehensive agenda with evidence-based research in asthma, allergy, and immunology, current best practices and recent advancements in the treatment and management of asthma and allergic disease. This conference underscores AAFA Alaska's goal to educate Alaskan health care providers specializing in pulmonology care, family medicine, pediatrics, internal medicine and asthma, allergy & immunology — as well as nurses, dietitians, respiratory therapists and other medical specialists — about asthma and allergy management via education delivered locally by recognized experts in a single 2-day event.
